Dear Kelli:

I would like to take this opportunity to express my sincere thanks and appreciation for the services provided by A Moment's Notice Events, LLC for the 2009 Carnegie International Nonproliferation Conference. The company's overall ability to handle all aspects of planning and executing a successful conference made me comfortable with my choice from beginning to end.

Kelli Bland and Dominique Rougeau are true professionals who display a calm demeanor in the tense situations that can arise during the planning process. Their "can-do" attitude assured me that things would be handled appropriately and diligently. When a colleague from an Embassy needed a recommendation for event planners without hesitation I recommended A Moment's Notice Events.

The time and consultation we received from A Moment's Notice Events in finding a full service online registration technology was extremely helpful. Their technical knowledge and skill enabled us to make a smart choice for our organization's needs.

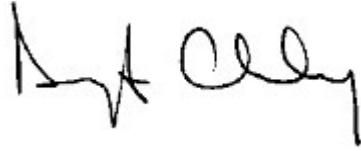

The expertise and negotiation skills provided by A Moment's Notice Events saved us money by utilizing their resources and vendors. As a result, we were able to maintain cost from a budgetary perspective and by all accounts we will have the most successful financial outcome of any of the Carnegie International Nonproliferation Conferences since 2002. A Moment's Notice Events was also tasked with managing the hotel room blocks for speakers and attendees, handling all conference logistics and planning including: exhibitor management, facility coordination, menu selection for all events, onsite volunteer staff coordination and conducted post attendee surveys.

Our post event survey results showed us that our attendees had a 90% overall satisfaction rating with the conference. There were many individuals that helped impact this number, but I am convinced that the guidance and experience of A Moment's Notice Events helped us achieve this. I consistently heard positive feedback on the overall organization and smooth running of the conference from our attendees, volunteers and exhibitors.

We had an extremely pleasant and productive working relationship over the past eighteen months. I would recommend A Moment's Notice to my colleagues and associates needing meeting

management support. I look forward to continuing our successful relationship as we plan future conferences here at Carnegie.

Sincerely,
